Rules For Karaoke Singer Rotation

- The first singer to turn in a request will be the first to sing. All others will sing in the order in which their requests are received.
- New singers will be placed at the top of the rotation. (This assures that everyone will get to sing at least once).
- Additional requests for a song that has already been requested/sung (even if by another singer) will be honored only when there are no requests in the list for songs that haven't been sung yet.
- Duets will count as one turn for each singer.
- No person may have a second microphone without the permission of the singer who turned in the request.
- Any person that is not ready to sing or does not answer when their name is called will be placed at the bottom of the rotation.
- Any singer who turns in requests under different names, in order to defeat the rules of rotation, will not be allowed to sing for the remainder of the show.
- **Requests for songs with non-family-friendly content/lyrics may be rejected depending on the event/venue. Not sure if the songs is acceptable? Think about whether you would be comfortable singing the song in a house of worship.**
